

## Fall 2010 Course Fees

Course fees are instructional fees charged on an individual basis to help offset the higher costs of specialized supplies and equipment unique to these courses. Lab courses not linked to a lecture course may also require payment of a course fee.

All other [Fall/Spring 2010-11 Mandatory Fees](#)

\*\*\*\* - all courses in that subject area

\* - all levels of that course (i.e. GEOL 484\* refers to all 4840 level courses)

Unit is the same as credit hour.

## Spring 2011 Course Fees

Course fees are instructional fees charged on an individual basis to help offset the higher costs of specialized supplies and equipment unique to these courses. Lab courses not linked to a lecture course may also require payment of a course fee.

\*\*\*\* - all courses in that subject area

\* - all levels of that course (i.e. GEOL 484\* refers to all 4840 level courses)

† - In addition to the course fee listed, [program fees](#) apply.

Unit is the same as credit hour.

## Summer 2011 Course Fees

Course fees are instructional fees charged on an individual basis per semester to help offset the higher costs of specialized supplies and equipment unique to these courses. Lab courses not linked to a lecture course may also require payment of a course fee.

\*\*\*\* – all courses in that subject area

\* – all levels of that course (i.e. GEOL 484\* refers to all 4840 level courses)

† – In addition to the course fee listed, program fees apply.

Unit is the same as credit hour.
